Celebrate FinTech leaders today,  
inspire the leaders of tomorrow

Join the Women in FinTech Powerlist 2018

Women play a vital role in helping achieve a more diverse FinTech sector. Innovate Finance's Women in FinTech Powerlist is now 5 years old and was designed to celebrate the achievements and talent of women across the FinTech ecosystem and showcase its role models.

The FinTech space has grown significantly since the launch of the Powerlist in 2015 and Innovate Finance remains committed to highlighting the crucial role that women play in the innovation and evolution of financial services.

- **Are you in a senior leadership position and driving forward change within the FinTech space?**
- **Are you playing a role in changing the current funding environment for women founders and entrepreneurs?**
- **Do you work in a professional services environment that champions FinTech within your respective teams?**

We are celebrating 150 female leaders in the Powerlist 2018. If you are actively making a change in your own organisation or if you know someone who is and would like to nominate them, we want to hear from you!
